ABSTRACT

The costs of education per unit of Average Daily Attendance (ADA) are detailed in this two-part report for 70 California community college districts for the academic year 1979-80. Both Part I, which presents data excluding non-resident ADA, and Part II, which presents figures including non-resident ADA, begin with tables which rank order the districts from largest to smallest in terms of ADA. Subsequent tables rank order the districts in terms of costs accrued per unit of ADA for: (1) teacher salaries; (2) certificated salaries other than teaching; (3) classified salaries; (4) employee benefits; (5) reference books; (6) supplies; (7) equipment replacement; (8) miscellaneous expenses, including utilities, transportation, insurance, repairs, advertising, field trips, film rental, postage, printing, and equipment rental; and (9) total cost of education. Figures representing costs incurred at San Joaquin Delta College are highlighted to facilitate easy recognition of the college's position within the rank ordering for each cost category. (JP)

INTRODUCTION

This report on the Current Costs of Education per ADA is in two parts:

1. Current Cost of Education per ADA - non-resident ADA excluded (This section is comparable to the previous years reports on the Current Cost of Education per ADA)

2. Current Cost of Education per ADA - non-resident ADA included.

ADA

ADA figures were obtained from the Chancellor's Office. The ADA figures are from the 1979-80 Annual Report.

EXPENDITURES

The expenditures used to compute the Cost per ADA were obtained from the "Current Expense of Education" section, page 14, of the CCAF311's.
